Special Despatch to The Chicago Tribune.

WASHINGTON, June 14.

A delegation of ladies, representing the Equal Franchise Association of New York, Washington, District of Columbia, Connecticut, Kansas, and several other States, appeared before the House Committee on Reconstruction this morning, and presented a petition praying that the word "male" may be stricken out of the Constitution of Connecticut. They were accompanied by Mr. Train, of Boston, and Mr. Wendell Phillips, of the Association, who addressed the Committee in favor of the petition. They said that the word "male" was the only obstacle to the enfranchisement of women in Connecticut, and that the Legislature of that State had refused to submit the question to the people. They also said that the Legislature of Kansas had submitted the question to the people, and that it would be carried by a large majority. Mr. Train said that he was willing to pay taxes, but he would prefer that they should be paid by women who had the right to vote.

Mr. Wendell Phillips said that the Legislature of Connecticut had refused to submit the question to the people, because they knew that the women would vote against the proposition. He said that the Legislature of Kansas had submitted the question to the people, and that it would be carried by a large majority. He said that the Legislature of Kansas had submitted the question to the people, and that it would be carried by a large majority. He said that the Legislature of Kansas had submitted the question to the people, and that it would be carried by a large majority.

Mr. Rollins, of New Hampshire, said that he was in favor of the petition, and that he would vote for it
